

FIG. 1

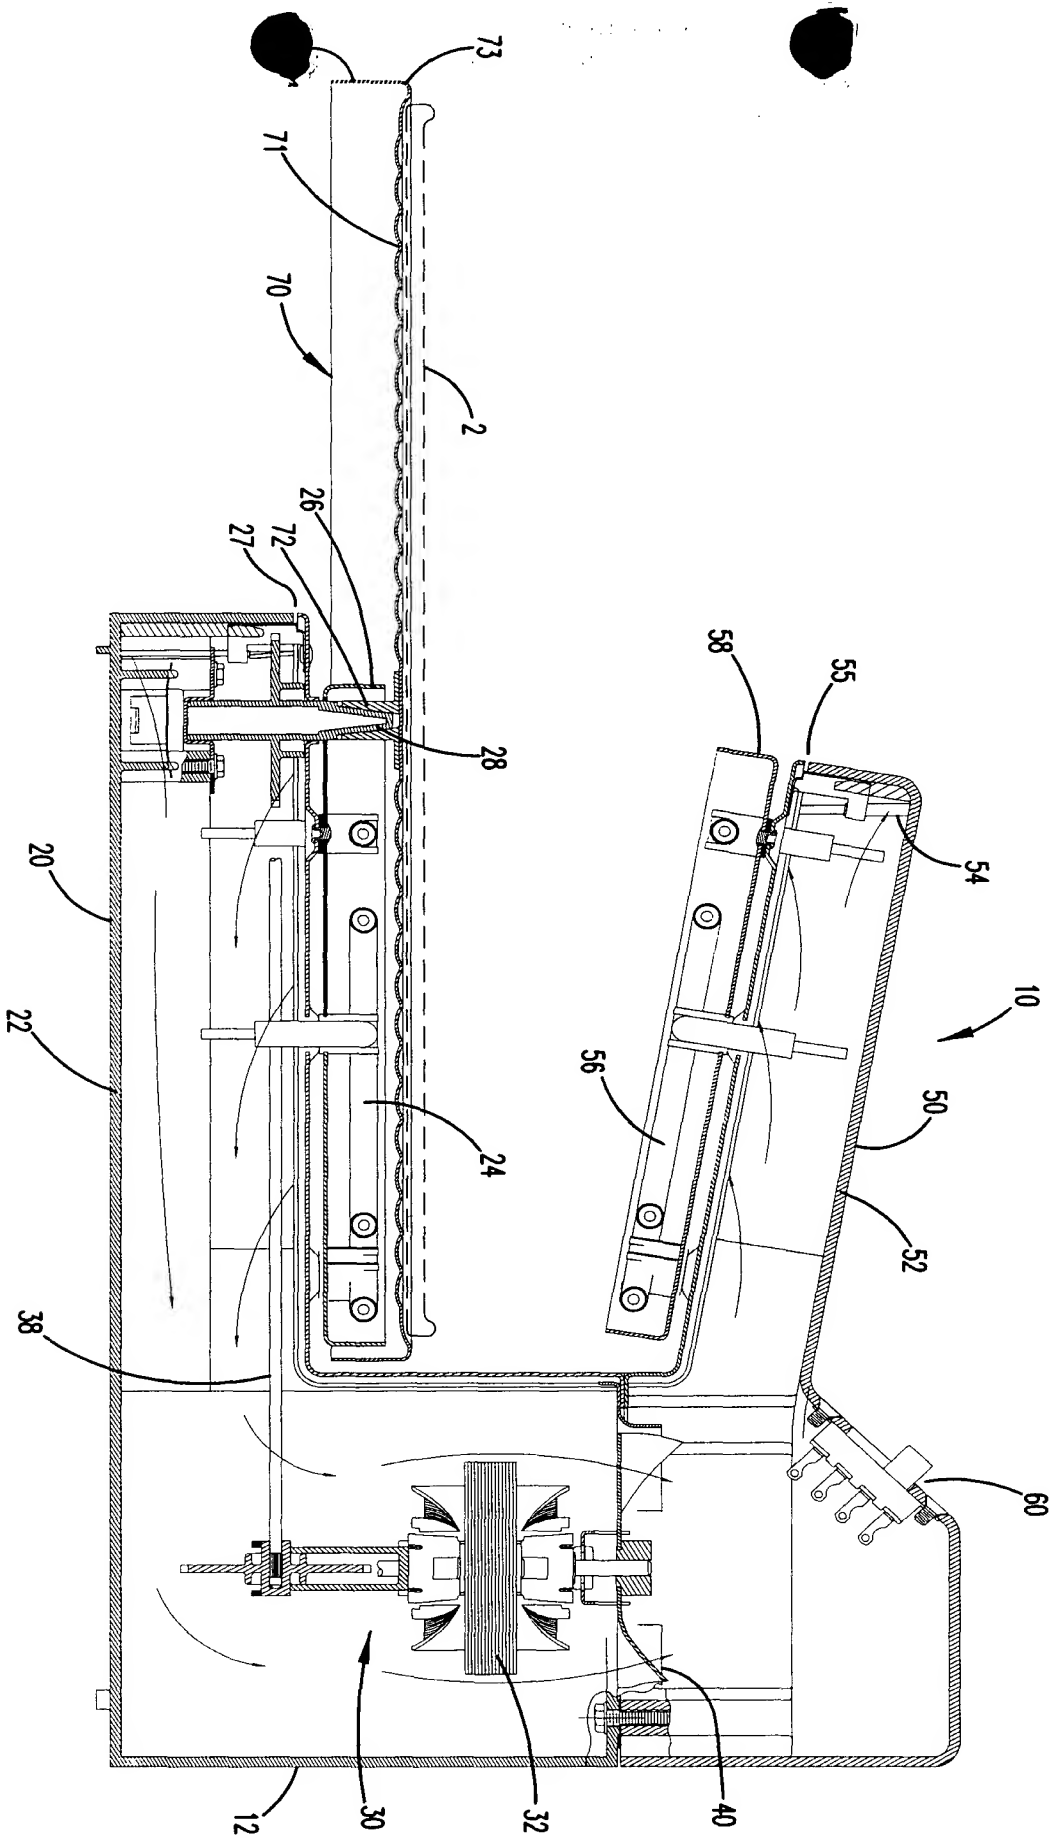

FIG. 1 is a cross-sectional view of a mechanical assembly, showing a housing 10, a carriage 50, a paper feed mechanism 20, a motor 30, and various internal components and rollers.

FIG. 2

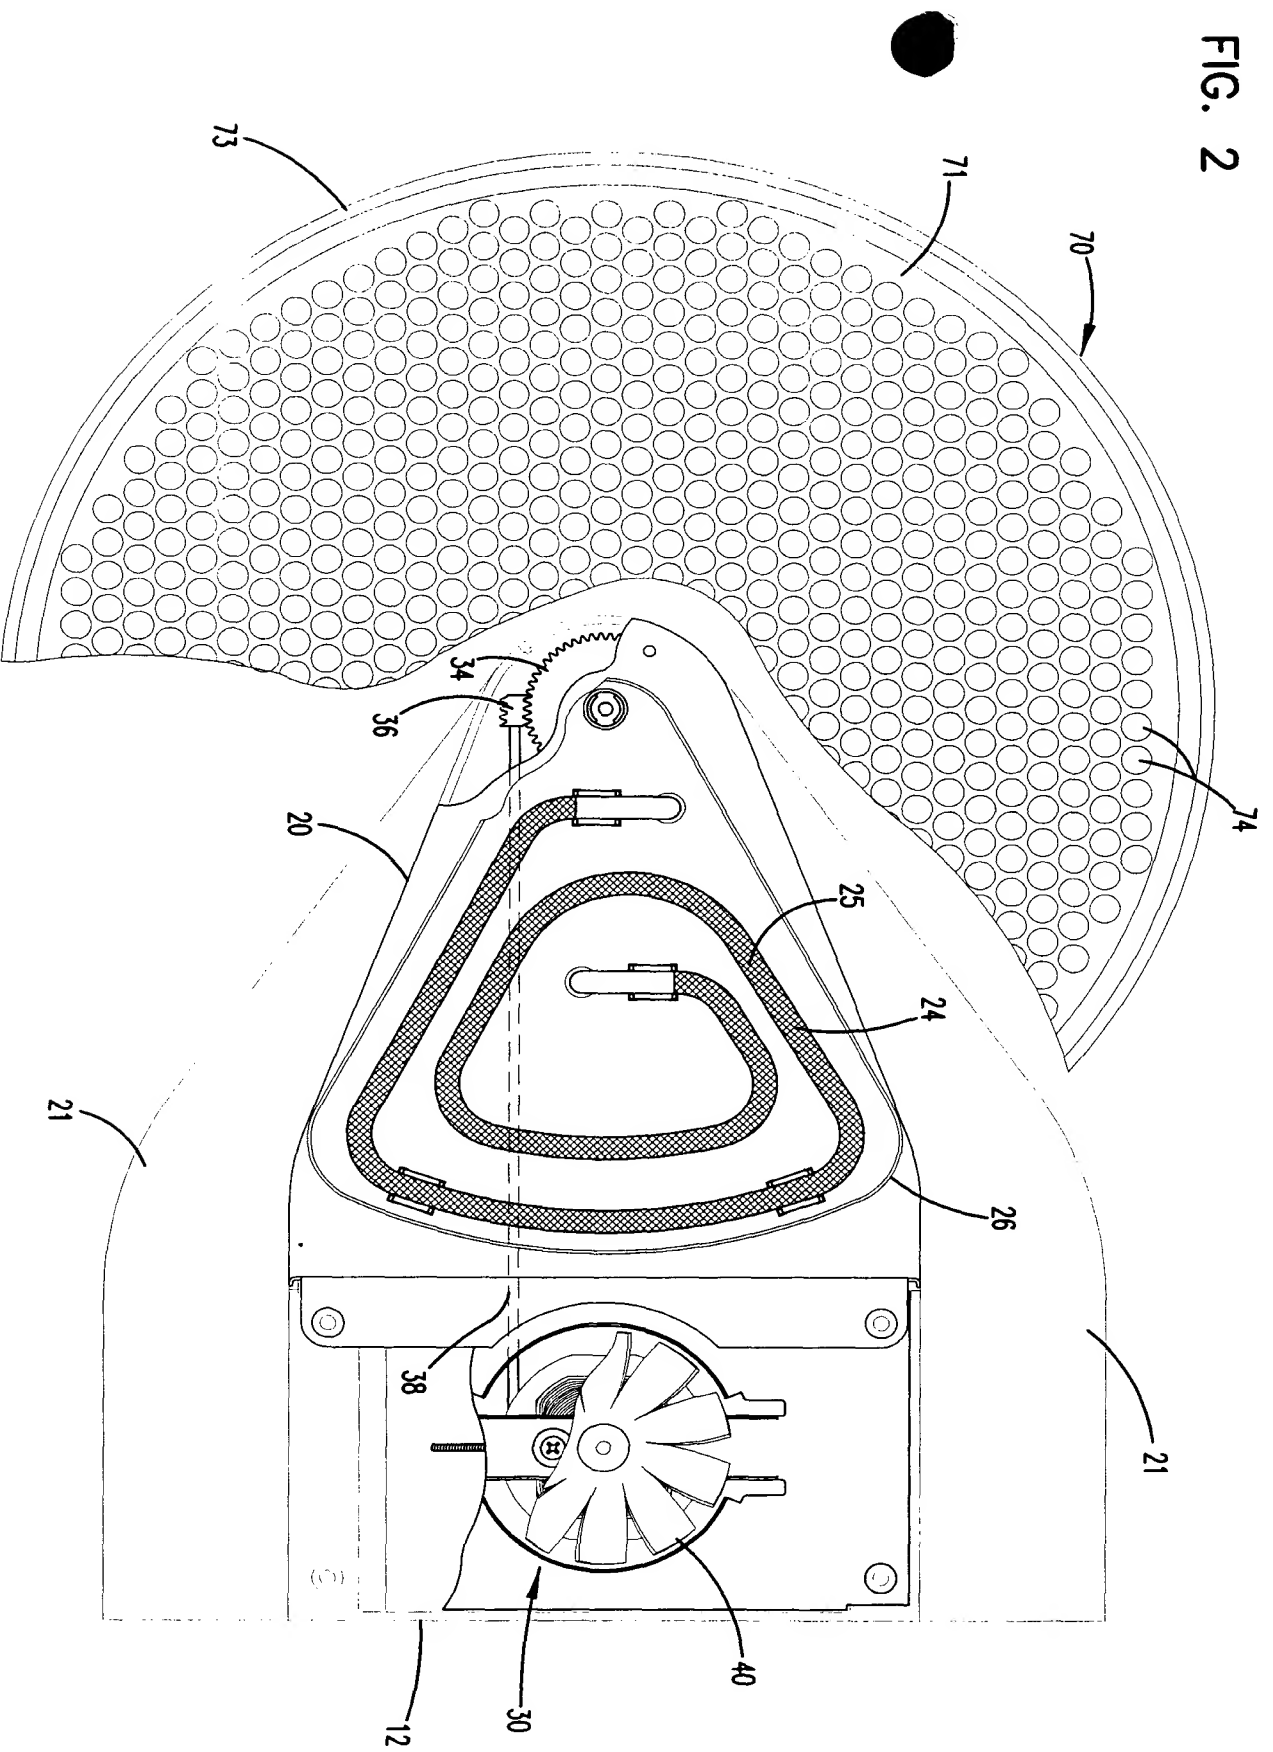

FIG. 3

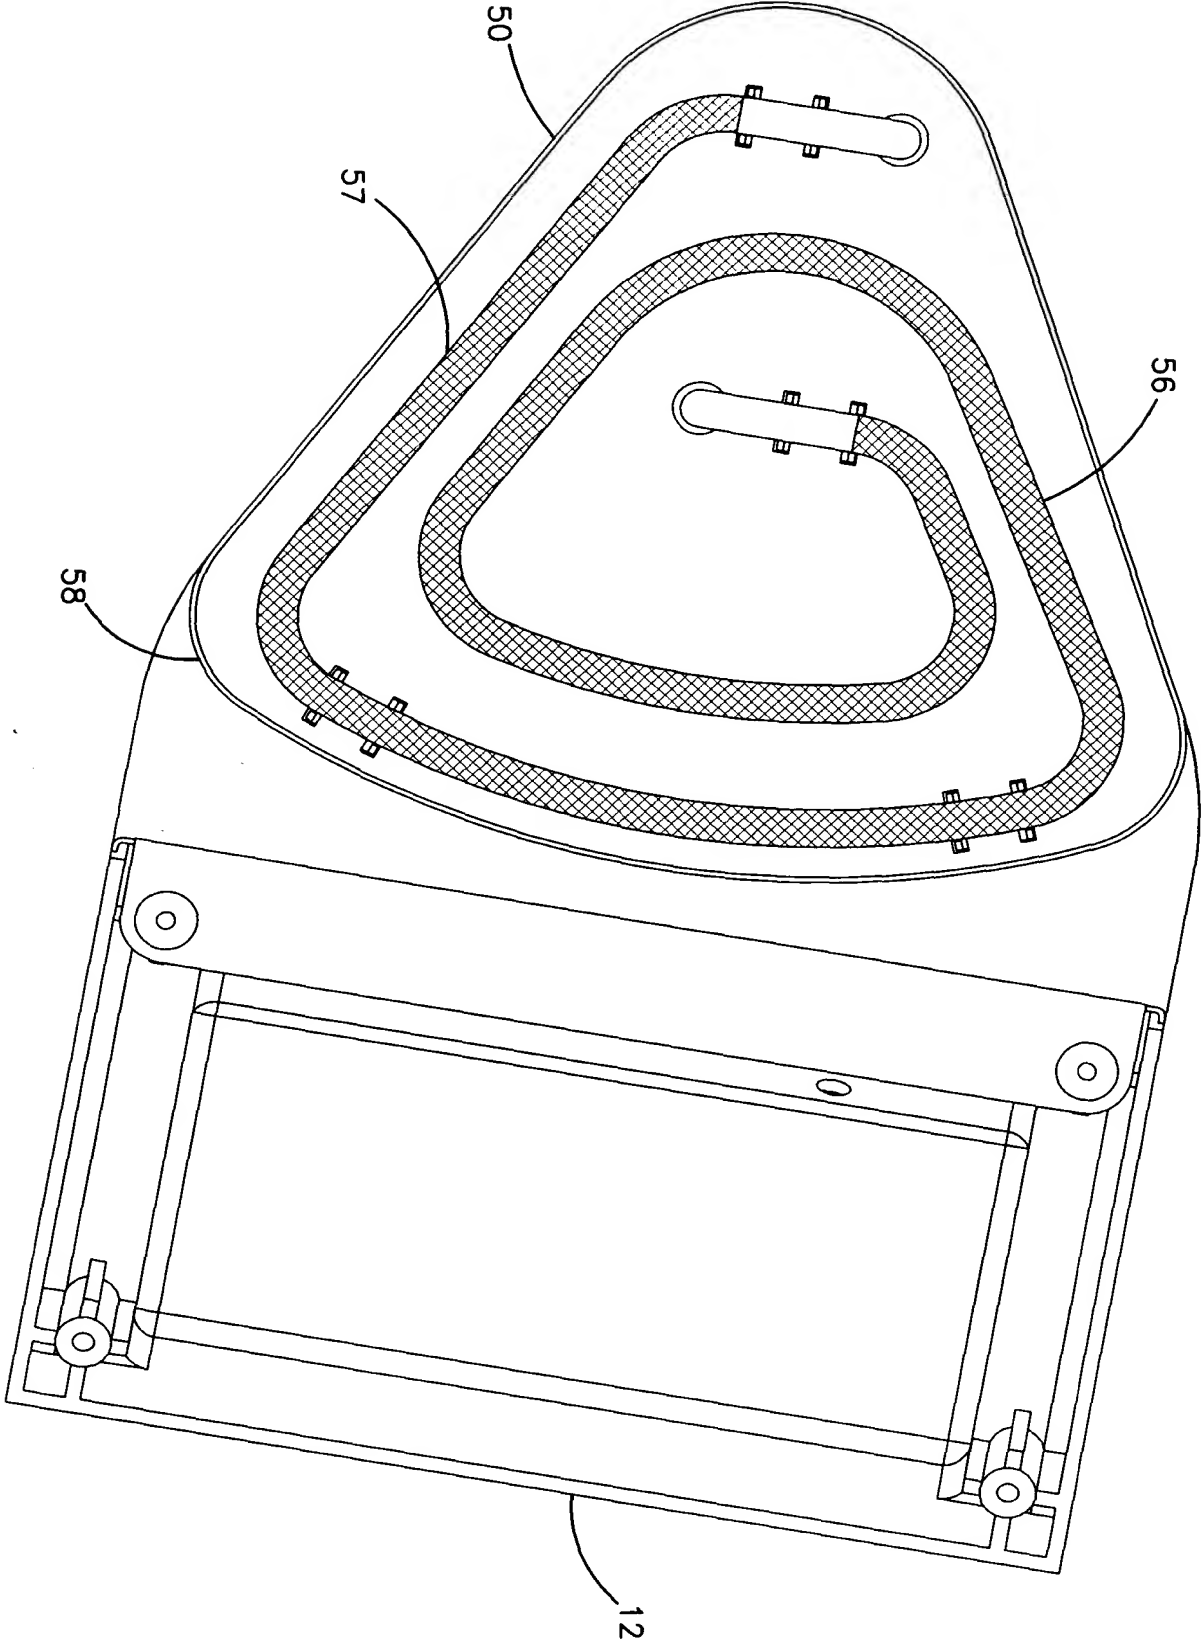

FIG. 3 is a perspective view of the frame assembly 12 with the heating element 50 mounted on the top surface. The heating element 50 is a triangular loop of resistive material 56, which is secured to the frame by a series of fasteners 57. The frame 12 includes a hinge mechanism 58 on one side.
